FILIPINA VOICES: CHANGING THE FACE OF POWER IN AMERICA

FILIPINAS GO TO WASHINGTON DC

We begin our Pinay Power 2012 game plan with a learning journey to the center of power. Moving from awareness to action, we increase our ability as learners to focus on how political power and advocacy work by meeting those who legislate our lives and how they do it.

More than a field trip, symposium or forum, the Filipina Summit is a learning journey that will immerse us in the reality – and long-range implications – of the politics of government. These experiences enable us to deepen, accelerate, and internalize our own learning about the business of government, advocacy and policy-making.

OUR TIME IS NOW: MOVING FROM AWARENESS TO ACTION

AWAKENING CIVIC ADVOCACY, PERSONAL RESPONSIBILITY & CORPORATE ENGAGEMENT OF FILIPINAS IN THE U.S.

The Filipina community is a vital group. We will develop action steps in strengthening our public and private partnerships that leave a positive footprint. We will model the way with initiatives that bring meaning and purpose, cultural awareness and sensitivity to the workplace. JOIN FWN as we act on the **Pinay Power 2012** game plan.
